

# AIROLIT SERVICE AGREEMENT

We recommend service at regular intervals to maintain functionality and safety on all Airodit UAVs. With our service agreement, you pay a fixed annual cost for service, repairs, and replacement of wearing parts.

An Airodit Service agreement gets you an any-time service at a fixed annual cost.

- We offer a Standard Service with system updating, basic component changes, and service according to the number of hours of flight time.
- We also offer a 3 year service agreement perfect for customers who are frequently flying their UAV.

## UAV SERVICE

**14,900 SEK (ex VAT)**

- Full Hardware and system check
- Installation of latest system updates
- Basic component change if necessary
